

INTERVENTION &  
STIMULATION ALLIANCE

# A chat with the Intervention & Stimulation Alliance: Current Updates & Future Focus

Eleanor Bell – Intervention Engineering Manager ROA – AkerBP

Kim E. Nord-Varhaug – Project Manager - SLB

# Introduction

# Alliance

Trust and  
collaboration

# Technology

Pioneering and  
innovation

# Performance

Excellence in  
execution

# 2025 and beyond

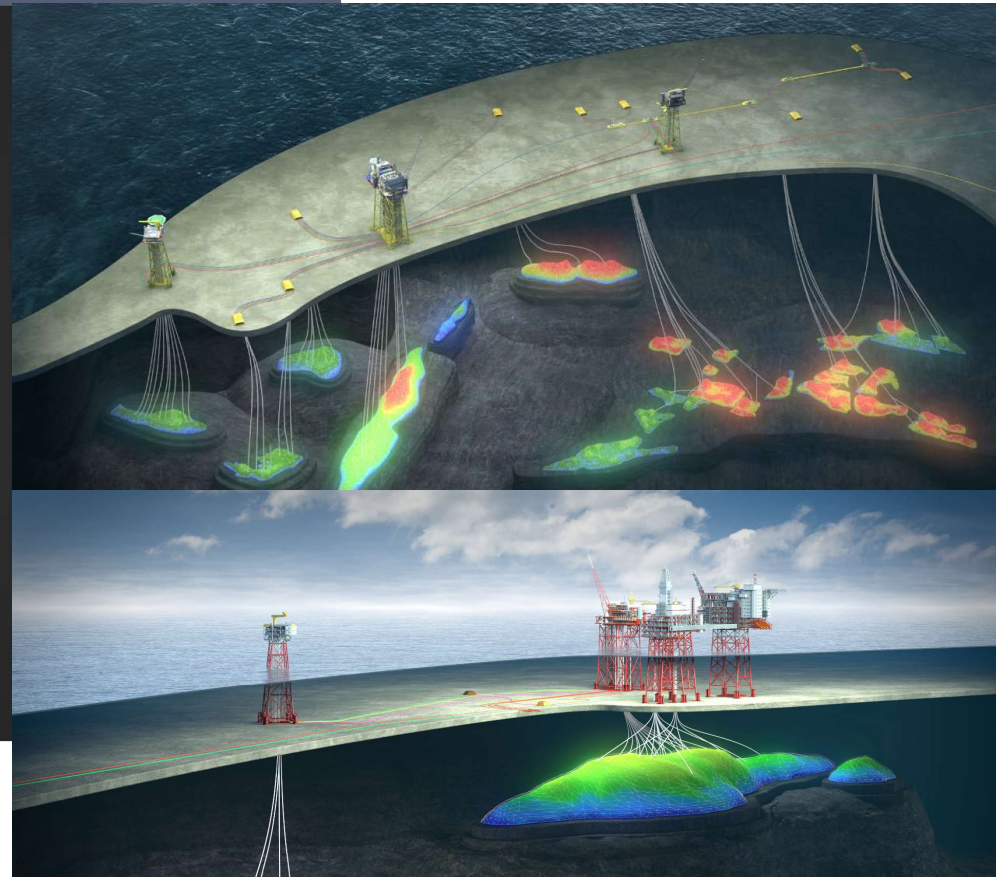

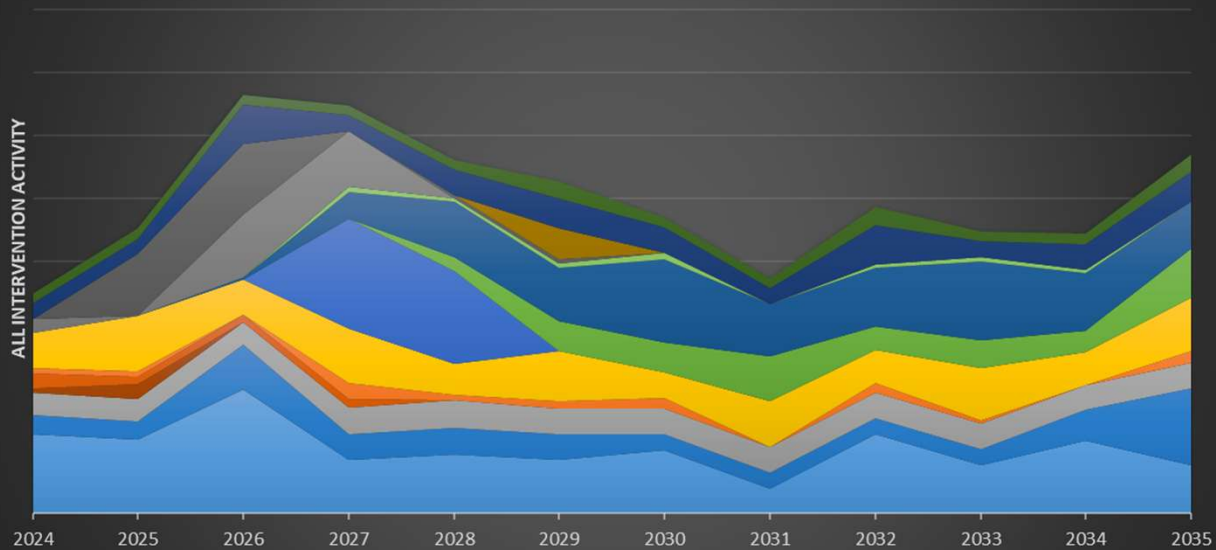

- Unlocking Value

Workscope:

- Double – triple job count
- 10% of total production
- New platforms/installations

AkerBP Intervention Activity

Long-term cooperation between equal partners based on trust, openness and transparency

# Alliance

Trust and collaboration

# Our drive for Innovation

## 2024:

- **Fully autonomous** conveyance 60% (WL & CT)
- **30%** reduction in rig up time
- **Onboarded new 3<sup>rd</sup>** party technology

## 2025 and beyond:

- **Fully autonomous** operations (Surface and downhole) – 90%: 2025
- **60%** reduction in rig up time (Ready2Run)
- **Eliminate** work in red zone – suspended loads

# Our drive for Excellence

## 2024:

- **50+** wells intervened
- **85%** success rate
- **10 mmbbl** contribution (6,5% of total production)

## 2025 and beyond:

- **100+** wells intervened per year
- **90%** success rate
- **54 mmbbl** contribution (10% of total production - 2029)

# Performance

Excellence in  
execution

# Creating value together

## Enabling Digital

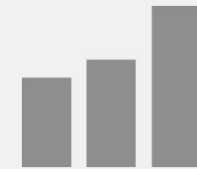

- Fully autonomous
- Well planning
- Augmented workforce

## Safe Today, Safer Tomorrow

- Leadership Engagement
- Integrity & Risk Control
- Eliminate work in red-zone

## Real value

- Increase delta between cost and value-added activities
- Reservoir access
