

# SAMSVARSUTTAELSE

Hermed bekreftes det at Petroleumstilsynet (Ptil) har vurdert den flyttbare brønnintervensjonsinnretningen

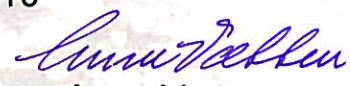

## Island Constructor

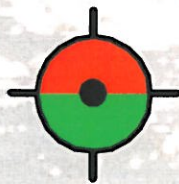

og relevante deler av Island Offshore Management AS sin organisasjon og styringssystem til å være i samsvar med relevante krav i regelverket for petroleumsvirksomheten. Vedtaket er basert på de opplysningene som er gitt i SUT-søknaden om innretningens tekniske tilstand og søkerens organisasjon og styringssystem, samt myndighetenes verifikasjoner og øvrige saksbehandling.

Vilkår, forutsetninger og unntak er beskrevet i Ptils brev til Island Offshore Management AS, 23. september 2010.

PETROLEUMSTILSYNET

# ACKNOWLEDGEMENT OF COMPLIANCE

This is to confirm that the Petroleum Safety Authority Norway (PSA)  
has assessed the mobile well intervention facility

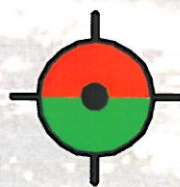

## Island Constructor

and relevant parts of Island Offshore Management AS' organisation and management system to be in conformity with relevant requirements of Norwegian rules and regulations for the continental shelf. The decision is based on the information given in the AoC application about the facility's technical condition and the applicant's organisation and management system, together with the authorities' verifications and additional considerations. Terms, conditions and exemptions are detailed in the PSA letter to Island Offshore Management AS, dated 23 September 2010.
