Dear Sirs

Report and notice of order following the investigation of a serious lifting incident with personal injury on Oseberg B on 16 April 2020

From 17 April to 5 November 2020, we investigated a serious lifting incident on Oseberg B where a catwalk extender tipped over on 16 April 2020. This incident resulted in a personal injury.

Our report is attached.

The investigation has identified the following nonconformities – see section 8.1 in the report:

- Equinor's exercise of its see-to-it duty
- the management system
- planning and risk assessment
- execution.

We hereby give notice of the following order.

Pursuant to section 69 of the framework regulations on administrative decisions, see section 7, paragraph 2 of the framework regulations on responsibilities pursuant to these regulations, section 21 of the management regulations on follow-up and section 92 of the activities regulations on lifting operations, Equinor is ordered to see to it that the preconditions for safe execution of lifting operations on Oseberg B are taken care of and to follow up that possible measures function as intended. See sections 8.1.1, 8.1.2, 8.1.3 and 8.1.4 of the report.

The deadline for compliance with the order is set at 31 December 2020. We must be notified when the order has been complied with.

Possible comments on this notice must reach us no later than 20 November 2020.

The report contains descriptions of identified nonconformities, and we would request an explanation of how these will be dealt with.

We would request a response to this letter no later than 4 December 2020. We also request that the letter and report be made known to the elected officers for the workforce, including the safety delegates.

The report will be published on www.psa.no a week after the date of this letter at the earliest.

Yours faithfully

Kjell Marius Auflem, by authority
Head of supervision

Reidar Sune
Principal engineer
