Tittel: Re: Response to Draft Activity Regulations

EXTERNAL SENDER

Dear Colleagues,

Thank you for the opportunity to comment on the draft amendments to the Norwegian Activities Regulations.

EOSCA have no comments this time around.

We are continuing to follow-up through the NEA regarding the translations for the draft Activities Regulations from back in 2021/2022, and we believe that the Norwegian Ocean Industry Authority (NOIA) will be correcting the translations in the near future.

Kind Regards,

Nik
