Dear Sirs

Report from investigation

From 9 April 2019 to 15 March 2020, we investigated an incident involving a gas leak from the flare system on Aasta Hansteen.

The report from our investigation is attached.

This contains a description of identified nonconformities, and we would request an explanation of how these will be dealt with.

We would request a response to this letter no later than 4 May 2020. We would also request that this letter and the report are made known to the elected officers for the workforce, including the safety delegates.

Should you detect factual errors in the report, please contact us no later than a week from the date of this letter.

The report will be published on www.ptil.no one week after the date of this letter at the earliest.

Yours faithfully

Kjell Marius Auflem, by authority
head of supervision

Eivind Sande
principal engineer

This letter has been approved electronically in the PSA and accordingly bears no signatures
