Dear Sirs

### **Report following a gas leak on 13 May 2023 at Hammerfest LNG**

From 1 June 2023 to 23 February 2024, we have investigated the gas leak which occurred at the Hammerfest LNG plant on 31 May 2023. Our report is attached.

The report describes identified nonconformities, and we would request an explanation of how these will be tackled. In addition, the report contains observations where a potential for improvement exists, and we would request your assessment of these.

We would request a response to this letter no later than 19 April 2024. We would also request that this letter and the report be made known to the elected officers for the workforce, including the safety delegates.

Should you find factual errors in the report, we would ask that you contact us within a week of the date of this letter.

The report will be published on [www.havtil.no](http://www.havtil.no) a week after the date of this letter at the earliest.

Yours faithfully

Kjell Arild Anfinssen, by authority  
*Head of supervision*

*Principal engineer*

*This letter has been approved electronically in the PSA and accordingly bears no signatures*
