Letter – report after audit of Equinor and KCA Deutag *Askepott* Oseberg South – technology development and use of digital well planning, automated drilling and digital twins (001079012/419002006)

From 24 March to 5 April 2022, we conducted an audit of technology development and the use of digital well planning, automated drilling and digital twins on *Askepott* on the Oseberg field.

Our report is attached.

The report includes a description of identified nonconformities, and we would request an explanation of how these nonconformities will be handled.

We would request a response to this letter no later than 1 October 2022. We would also request that this letter and the report be made known to the elected officers for the workforce, including the safety delegates.

Should you find any factual errors in the report, we would request that you contact us within a week of the date of this letter.

The report will be published on www.psa.no within a week of the date of this letter.

Yours faithfully

Irja Viste Ollestad, by authority
Head of supervision

Kristian Solheim Teigen
Principal engineer

This letter has been approved electronically in the PSA and accordingly bears no signatures.
